BOOK FOR

FLORISTS.

BUSINESS CONDITIONS.

TERMS on Florists' stock: To customers of approved credit, 60 DAYS, except on certain CASH items. Special 3 per cent. discount for cash in Ten. days (from these list prices only), not from the "Special" quotations and excepting NET CASH ITEMS.

New Accounts: New customers, if not already well known, will please send cash with first order and if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For references please name bankers, wholesale merchants or other well-known business men with whom you have had dealings—such information will be held in confidence.

Our Responsibility: While we always aim to have the best SEEDS, BULBS AND PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the prices given, nor will we be responsible for the crop. We assume our customers to be acquainted with these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express; we cannot assume any responsibility whatever for safe arrival when such plants are ordered by freight by the purchaser. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all the aid we can.

We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order. PERISHABLE stock, plants, etc., are **Positively NOT SENT C. O. D.**

LOW EXPRESS RATES ON PLANTS.

We ship plants by all express lines to any part of the country. Under the ruling of the leading express companies plants packed in closed boxes or baskets are now being carried at the "GENERAL SPECIAL" rate, which means a reduction of 20 per cent. from the regular merchandise rate. Boxes weighing less than 100 pounds are charged at pound rates, but the minimum charge is 45c. For example, if the general rate is \$5.00 per 100 lbs., a box containing 25 lbs. will cost \$1.00, which is a saving of 25c.

GLADIOLUS, WHITE LADY.

GLADIOLUS "WHITE LADY."

See Illustration Above.

This is the only pure white Gladiolus in existence and might be compared to a number of snow white Trumpet Lilies placed closely together on a strong, graceful stem. The "White Lady" should not be compared with the variety Snow White, which usually shows a strong reddish cast, and as a matter of fact is not to be classed as a pure white. Supply limited. Each, 75c.; 3 for \$2.00; per doz., \$7.50.

The "World's Best" Gladiolus. A Grand New Mixture.

All New Hybrid Classes combined. Crosses of the Best Older Kinds, with all the New Ones.

These bulbs are from the choicest private collections ever made in this country, and have been gathered together from all the best sources. An expert plantsman, who has seen this combination in bloom during the season, says:

"I doubt if there was ever such a splendid lot of hybrids offered before. These seedlings are in many respects superior to the best named sorts. They will be a credit to any establishment."

Vaughan's Tuberose

Owing to the fact of the true strain of "Excelsior Pearl" Tuberose being extremely scarce this year, there has been thrown on the market large quantities of the "common" variety, which is quite inferior, both as regards size of flower and freedom of bloom. Our stock of "Excelsior Pearl" has been grown from the original "Hallock" strain and can be depended upon to give satisfaction to the florist and private grower as well.

Beware of stock that is offered at low prices.

LIBERTY ROSE.

The Grand New Rose "LIBERTY"

Never has Nature yielded to the painstaking hybridist and plant raiser a more beautiful or more satisfying color than that seen in the new hybrid Tea Rose "Liberty," which to-day marks the limit of glorious deep, yet bright coloration in a family by no means deficient in warm rich hues of crimson red. Most nearly approached by Meteor in color, this new comer surpasses that standard variety in purity, being without the tendency to blacken that Meteor exhibits, and also the blue cast sometimes seen on the fully expanded petal of Meteor has not been detected in any degree whatever upon a single one of many critically examined blossoms of Liberty. To the practical grower, too, this novelty will surely appeal, because of the greater ease of cultivation, in that it does not exact a temperature in excess of that generally accorded to other roses when grown under glass. There can be little doubt but that "Liberty" is destined to rapidly become the one dark flowered rose for both commercial and private uses. As to the behavior of the plants in the hands of the grower, we had presented to our notice by Mr. Ernest G. Asmus, of West Hoboken, N. J., figures which showed that from September up to March 8th, each plant in his 100x16 ft. house has yielded an average of 26½ blooms. An inspection of the growing plants satisfies us as to the vigor and vitality of "Liberty." It has every evidence, too, of being a continuous bloomer. In habit the plant is erect growing, making good wood of considerable length and rigidity, and displaying a strong inclination to make a compact bush. The foliage is of moderate size, with seven roundish leaflets, very shapely and evenly serrate on the margins. Spines are moderately numerous, straight and irregularly scattered on the stems.

We are booking orders now for delivery in March next. Stock grown by Mr. Ernest G. Asmus, the well known rose grower. Prices as follows:

Grand New Rambler Rose HELENE.

Imported by us from Germany two years ago, and after a thorough trial we regard it as an improvement upon the Crimson Rambler, of which it is a seedling. In growth and foliage it resembles Crimson Rambler, sending up strong canes 8 to 10 feet in one season. We find it is less subject to mildew. It is perfectly hardy and will stand the severest winter unprotected. Its flowers are larger than Crimson Rambler, almost double, and of excellent substance, remaining in perfection on the bush for weeks. The flowers are borne in large clusters, a well formed bush producing them in amazing profusion, each cluster containing 30 to 40 well-formed flowers. The color is a pure soft rose, almost bluish. Base of petals yellowish white.

2½ inch pot plants, each, 20c.; 12 for \$2.00; per 100, \$15.00.

New HARDY ROSE PRINCESS OF NAPLES.

A cross between Captain Christy and La France. The plants grow very solid and compact, and stronger than those of Captain Christy: have more spines and very dense, healthy, large, dark green foliage. It flowers very freely and easily, and keeps on flowering for a long time. The flowers are of good form, solid, but nevertheless of very loose, graceful appearance: color, delicate, satiny pink. The fragrance is excellent; better, stronger and more agreeable than that of La France. The whole plant is covered with flowers in the main flowering season. The fact that the plant grows so easily makes it especially suitable for early and late forcing and cut-flower purposes, also for pot plants and out-door work.

Each, 15c.; per doz., \$1.50; per 100, \$10.00.

3 inch pots, strong stock, each, 25c.; per doz., \$2.50.

EVERGREEN GEM.

The New Rose Evergreen Gem.

The most remarkable achievement and improvement of a new and distinct type of Hardy Roses that has been made for a generation. The growth is remarkable for its freedom. A single plant 4 years old, covered a space of 240 square feet, with long shoots and completely covering the ground with its bright, glossy foliage, which is not only evergreen, but growing during mild weather in winter. Flowers are produced singly on stems and in color a yellow buff in bud, opening to almost pure white 2 to 3 inches in diameter, perfectly double and of a delightful sweet-brier fragrance. This rose will be found most valuable for cemetery planting as well as landscape work.

Each, 15c.; 12 for \$1.50; per 100, \$10.00.

L'INNOCENCE

May be called the White Madame Caroline Testout, of which it is an offspring. It is a strong, symmetrical grower. Foliage large and tough; flowers large, full, deep and double; globular in form; color bright snowy white. The flowers are borne with great freedom upon long stems, hence this variety is well suited for forcing.

2½ inch pots, each, 15c.; 12 for \$1.25; per 100, \$10.00.

HIBISCUS PEACHBLOW.

CHENILLE PLANT. *Acalypha Sanderi.*

This is the most distinct and striking ornamental plant introduced in many years. It is a native of the South Sea Islands. Is of easy and rapid growth and blooms continuously. The plant is of branching habit, healthy foliage and the flowers are most remarkable. The flower spikes, which appear in pairs from the axils of the leaves, grow from two to three feet in length. They are of bright crimson color, drooping and mixing among the green foliage with charming effect. It will be extensively used as a pot and window plant everywhere. We find it grows excellent planted out; should be planted away from other plants or will lose the effect if crowded. Can be lifted in the Fall and will make a fine show in the house during the winter. We offer strong, well-established plants, showing flower spikes.

ASPARAGUS SPRENGERI.

2 New Winter Flowering Begonias.

New Winter-Flowering Begonia, Gloire-de Lorraine.

This is undoubtedly the greatest gem in winter-flowering Begonias yet introduced, and is certain to become a popular favorite. It grows from 10 to 12 inches high, forming naturally graceful, bushy specimens, which from October to April are completely hidden in soft, rosy pink flowers. We offer young plants from 2 inch pots, stock limited, each 30c.; per doz. \$3.00.

New Begonia Haageana Erecta.

A grand winter flowering sort with large, hairy leaves. A very free bloomer sending up long, erect sprays of extra large flowers of a light pink. This will be found a grand Begonia in every respect. Each 15c.; 12 for \$1.50.

New Pink Hibiscus PEACHBLOW

This is one of the finest plant novelties offered in recent years. It is a "sport" from the double red Hibiscus Rosea-Sinensis; the flowers are double and from four to five inches in diameter; of a charming, rich, clear pink color, with a small deep crimson center; an **entirely new and most beautiful shade**; it blooms abundantly and continuously even on small plants during the entire summer and fall months; may be easily wintered in greenhouse or dwelling. Large plants, two or three years old make a magnificent show.

We are confident it will give entire satisfaction to all who grow it, either in pots, or plants out in the Garden. It is also a good winter bloomer in the greenhouse or sunny window. We offer 3 sizes:

Strong plants from 2½ inch pots, each 20c.; 6 for \$1.00; 12 for \$1.50; 100 for \$10.00.

Strong plants from 5 inch pots.....each 75c.; doz. \$8.00

Extra strong plants from 6 inch pots, each \$1.00; doz. 10.00.

Asparagus Sprengeri.

This new Asparagus has proven to be useful in a variety of ways; especially so as a pot plant for decorative purposes, or for planting in ferneries or hanging baskets. It grows freely the whole year round. The plant is very vigorous, producing sprays 4 to 5 feet long of fresh green feathery foliage, which are handsome for bouquets, wreaths or sprays, and remain perfect for weeks after cutting. It can be grown easily planted out on benches, in a night temperature of 60 degrees. Both plants and cut sprays meet ready sale and, all in all, it is one of the most profitable plants we have ever grown. No up-to-date Florist can afford to be without this new and free growing Asparagus. We have a grand stock.

BOSTON FERN.

BOSTON FERNS

Nephrolepis Exaltata
Bostoniensis....

This popular fern has proven one of the best decorative plants of recent introduction. It is a rapid grower, works up fast and is a good seller. The distinctive feature of this beautiful fern is, the fronds are much larger than the common sword fern, and do not stand so stiff, but droop over in a graceful manner. Excellent for making large specimen plants. Every florist should grow the Boston Fern. We have the finest stock in the West. The plants we offer are strong, bushy and not over-potted.

Nephrolepis Washingtoniensis.

There is no other fern of its class in cultivation, so distinct and majestic. The fronds are remarkably thick and metallic in appearance; grow 8 feet and more in height and arch gracefully; have a width of 12 to 15 inches on fully developed fronds. The leaves, although very hard, are not at all brittle, and will stand exposure better than any other fern. This fern is useful only when full grown, never in a 3 or 5 inch pot, but as a specimen plant from 6 to 12 inches it is simply grand, and will be used largely as a decorative plant.

Price, 2 1/2 inch pot plants, each, 35c.; 3 for \$1.00; doz., \$3.00.
each, 50c.; doz., \$5.00.

FOR OTHER FERNS SEE PAGE 14.

NEW SALVIA "ST. LOUIS."

Originated by Mr. James Gurney, Supt. of Tower Grove Park, who sent us a few plants to try last spring, and we found it a great improvement over any Salvia we had ever grown; beautiful flowers spikes fully 15 to 18 inches long and 3 inches in diameter; earlier bloomer, being one mass of scarlet from July to frost. Height 3 feet. Each, 15c.; doz., \$1.00; per 100, \$6.00.

NEW DWARF SALVIA ALFRED RAGUENEAU.

Remarkable for its dwarf and compact growth and abundance of magnificent spikes of red flowers, never attaining a height of over 18 inches. Each, 10c.; doz., 75c.; per 100, \$5.00.

SALVIA CLARA BEDMAN.

A dwarf variety about 2 feet in height; free flower habit. Doz., 60c.; per 100, \$4.00.

JAPAN MAPLES. POT GROWN FOR FORCING.

Plants 12-18 inches high.

Few plants when grown in pots make a grander show than these Japan Maples with their highly colored leaves. We offer the following named sorts:

Atro-Purpureum, Atro Dissectum, Roseum Marginatum, } Each, 75c.; doz., \$7.50.
Aurea (Yellow), Rubrifolium, Felicifolium, }

PRIMULA FORBESII. (Baby Primrose.)

A miniature Primula, after the order of Obconica, but blooms more freely. Small plants commencing to bloom when in 2 inch pot; 4 or 5 inch plants carrying from 20 to 25 flower spikes. The color is a pale lavender. The foliage is delicate and graceful, somewhat fern-like in appearance. As a cut flower it finds ready sale and is profitable to grow as such. 2 inch, per doz., 50c.; per 100, \$4.00. 3 inch pots, per doz., 75c.; per 100, \$6.00.

THE NEW DOUBLE VIOLET "IMPERIAL."

Originated with a noted Violet specialist of Massachusetts, who claims it is entirely free from all disease and a remarkably strong and vigorous grower. In fact, a great improvement over Marie Louise; flowers larger and more double; longer stems, better color. We have grown it through the summer and fall, and have found it entirely free from disease. Our young stock is in fine shape in 2 inch pots. Per doz., 75c.; per 100, \$6.00.

VIOLET PRINCESS OF WALES.

Violet Princess of Wales.

After another year's trial this Violet is admitted by most all growers to be the best single Violet grown. The flowers are very large and a true blue; stems 10 to 12 inches long; a free bloomer and healthy grower. A great improvement over California. Fine healthy stock from 2 inch pots. Per doz., 60c.; per 100, \$4.50.

For other Violets see Page 15.

NEW LARGE FLOWERING HARDY PHLOX.

New Hardy Phlox

Every Florist should have this Collection..

Varieties offered here are entirely new and distinct from the old fashioned Hardy Phlox, both in dwarfness of growth, size and color of flowers. They bloom most abundantly from July until late in Autumn. Flower heads measure from 7 to 9 inches across and comprise all shades of color from vermilion to white.

Fantome.—Extra large flower center pure white, surrounded with violet.

Fiancee.—Extra large flowers, of a pure white. Very fine.

Lumineux.—Flowers very large, of a rosy carmine; center rosy white.

Madeleine Leturque.—Medium sized flowers on extra large heads. Color a beautiful shade of Indian rose, shading on outer edge to white. New color.

Montagnard.—Large round flowers of a pure deep crimson, and most showy Phlox we have.

Cyrano.—Very large flowers, bright purple shading to lilac; very dwarf. Extra fine.

Japonais.—Dwarf, bushy grower, large flowers rosy-salmon with large carmine center. Very fine.

Torpilleur.—Dwarf grower, large flowers of a deep pink shade, large flower heads. Extra fine show.

Plants from 2 inch pots, each, 10c.; any 12 for \$1.00.
SPECIAL OFFER.—The set of 10 fine new Phlox for 75c.

New Geraniums for 1900.

THE GRAND PINK BEDDER JEAN VIAUD (Brunt).

The best of all new Geraniums sent out for a long time. The plant is of stocky growth; incessant bloomer; flowers of largest size, in immense trusses. Flowers are semi-double, very similar to those of *Beaute Pottevine*, but the exquisite light fresh rose tint is entirely different. The upper petals are marked with two beautiful white blotches, adding greatly to the freshness of coloring. It is a plant of the future. Its habit of growth, uninterrupted blooming and hardiness will attract attention at once, and it will be grown in large quantities when better known. Each, 25c.; per doz., \$2.50.

William Langguth, or Red Flowered Mrs. Parker. The plant is of a short, stocky growth, beautiful deep green leaves, each marked with broad, snow-white band. It beats all the silver-leaved kinds in free blooming. Flowers double, bright red, large, extra filled out blooms, rising from the white-colored foliage very handsomely. Visitors at our greenhouses have all agreed in pronouncing it a first-class novelty. Each, 15c.; per doz., \$1.50; per 100, \$10.00.

Capt. Dreyfus. In this variety we have as good a bedder as S. A. Nutt of a different color, being bright cherry red; trusses large and thrown high above the foliage by the long, strong foot stalks. An exceedingly useful sort for bedding. Each, 25c.; per doz., \$2.50.

Le Colosse. Very large trusses, gigantic semi-double floret; color a very bright orange vermillion. Remarkable for the size of the flowers and the brilliancy of the color. Each, 25c.; per doz., \$2.50.

Bellerophon (BRUNT RACE). One of the grandest of recent introductions; will rank with the best. It is a single scarlet, with large, round florets, combined into immense trusses, which are held high above the plant. It is very free in bloom, the habit and foliage especially fine. Each, 20c.; per doz., \$1.50.

Le Fraicheur. Double. White, with a narrow band of rosy pink around each petal, exactly like a *Picotee*. Absolutely novel and distinct, and one of the prettiest flowers that we have seen for years. Colors delightfully fresh and clear. Each, 25c.; per doz., \$2.50.

Dryden. Single, and a grand bedder; stands sun and rain remarkably well. It is a bright rosy red, with large white blotches on the two upper petals and smaller blotches on the three lower ones, and five suffused with lake at the junction of the two colors. Habit dwarf and compact, and extremely free in bloom. Each, 15c.; per doz., \$1.50.

Ever-Blooming Geranium "America."

This new Geranium is a seedling of the popular dwarf variety *Mars*. Its color is brilliant and striking, being snow-white on the edge and changing through all the salmon shades into deepest rose in the center. The flowers are large and not self-colored; they are striped, mottled, blotched, and not two flowers on a plant in bloom seem to be alike. The trusses are carried on strong stalks well above the plant and are extra large. It withstands the outdoor sun as well as any sun-proof variety, and being of such remarkably dwarf growth, combined with its free-flowering habit, is bound to become the ideal pot and bedding geranium.

Price, 2½ inch plants, each, 50c.; doz., \$5.00.

SPECIAL GERANIUM OFFER NO. 1

One each of the eight grand New Geraniums described above for \$1.75

FOR STANDARD GERANIUMS SEE PAGE 14.

JAPANESE FERN BALL—IN LEAF.

Imported Japanese Fern Balls.

SOMETHING NEW FROM JAPAN.

These Fern Balls arrive from Japan in January. The roots are twisted and worked together in a ball shape 8 to 10 inches in diameter. The fresh young leaves soon sprout out and form a solid mass of fronds, completely covering the ball (see illustration), forming a ball of fern leaves 15 to 18 inches in diameter. They do well hanging in a greenhouse or window where not too much sun reaches them. They take up no valuable room and can be suspended from the roof and left there until wanted.

Price, in dormant condition.....	each, 50c.	Doz., \$4.00	100, \$30.00

The Grand New Ageratum "Stella Gurney."

A short, compact grower, well branched and extremely free blooming. The individual tufts are very large and dense, and the color is the most intense blue of a very agreeable shade we have ever seen in *Ageratums*. It has a velvety texture quite unlike the cotton-like flowers of this class. It is a thrifty grower, propagates easily, and by its neat, short and dense flowers of brilliant blue furnishes a bedding plant without an equal. It can be used as a border around *Geraniums*, with *Dusty Miller* or other combination, always making a pleasing effect. Grown by us two seasons, and it has bloomed from early Spring to late in the Fall, adding greatly to its usefulness and desirability. The best *Ageratum* in existence. Each, 15c.; doz., \$1.25; 100, \$8.00.

NEW WHITE AGERATUM LOUISE BONNET.

Flowers white and abundantly produced. Growth is dwarf and compact, just what we have so long needed for borders. Each, 10c.; per doz., 75c.; per 100, \$5.00.

AGERATUM PRINCESS PAULINE.

A most distinct and novel variety, of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower, the body of the flower being white, while the stamens are of a light sky-blue, giving the flower a pretty, variegated appearance. Per doz., 50c.; per 100, \$4.00.

New Passiflora Southern Beauty.

The prettiest of all climbing plants. Grows well in any soil and commences to bloom in July and continues to flower until frost. Will make a growth of 20 feet during the summer. Flowers 4 to 5 inches across; color is blue, white, pink and red; very fragrant. In the North must be protected by covering in Winter. Each, 10c.; per doz., 80c.; per 100, \$6.00.

New Carnations FOR SPRING OF 1900.

ROOTED CUTTINGS, READY MARCH 1st.

Grand New Pink Carnation "MARQUIS."

ORIGINATED BY L. E. MARQUIS, SYRACUSE, N. Y.

Has received five first-class certificates, silver cup at Philadelphia for best pink and silver medal of the Massachusetts Horticultural Society. It is without doubt the finest pink carnation ever introduced. It has been so pronounced by expert judges. Its color is distinctive, being unlike that of any other carnation. It is a true pink—a soft rich shade with no trace of purple or magenta and equally beautiful by artificial light or daylight. Its form is exceptionally perfect—very full and double, usually well rounded and built up in the center. Its petals are perfectly serrated and quilled. Its calyx is practically faultless and does not burst. Its size is phenomenal, $3\frac{1}{2}$ to 4 inches and it often exceeds this, and that under ordinary culture. Its fragrance is delightful. Its keeping qualities are wonderful. Cut-flowers will last from one to two weeks. Flowers shipped from Syracuse to Chicago kept finely eight days after receipt. Its stems are strong and average 2 to 3 feet in length. It is very prolific—as free as the best of the standard varieties and much freer than any other large variety. It makes no "grass"—every shoot produces a flower. It is an absolutely continuous bloomer. It is a very vigorous grower, free from rust or other disease. It propagates readily. The loss in propagating is practically nothing. It lifts easily and owing to the mass of fibrous roots it makes, it receives no perceptible check. It lacks no essential of the model Carnation. In Color, Form, Size, Fragrance, Stem and Growth it is ideal. Rooted Cuttings March to April, 1900.

Per doz., \$2.00; per 100, \$10.00; per 1000, \$75.00; 25 at 100 rate, 250 at 1000 rate.

Mrs. Thos. Lawson. (Peter Fisher.)—No plant, of whatever kind, has ever received so much description and free advertising by the newspapers of the whole country as this sensational Carnation, which is said to have been sold for \$30,000. The size is enormous, stems stiff. It is free in growth, of strong, healthy constitution, and of a true pink color; altogether a 20th century Carnation. *Everything* has been claimed for it, and our own opinion is that it will justify the claim.

Per doz., \$3.00; per 100, \$14.00; per 1000, \$120.00.

ESTELLE, (Witterstaetter). (Scarlet Seedling Portia X Jubilee.)—A bright, illuminating scarlet, never coming "off-color," is fragrant, form excellent, better than Jubilee, which it somewhat resembles, stem strong and stiff, short at first after lifting, but attaining a length of from twelve to sixteen inches by December. Size from three to three and a half inches. In habit it is exactly the same as Portia, producing a heavy crop by the holidays, and blooming continuously. A most profitable variety. (Stock limited.)

Per doz., \$2.00; per 100, \$10.00; per 1000, \$75.00; 25 at 100 rate; 250 at 1000 rate.

New Pink Carnation "ETHEL CROCKER."

Mr. Albert M. Herr considers this new California variety one of the best ever offered to the trade. The flowers under ordinary culture measure from 3 to $3\frac{1}{2}$ inches in diameter, perfect in form and with a calyx that does not burst. The color is a clear rich pink, delightfully scented and with a stem almost as strong as that of the variety Mayor Pingree. The habit of the plant is good, health perfect, strong growth, and Mr. Herr says, "is freer in bloom than any other Carnation I ever grew. Flowering season is from October 1st to July 1st continuously, not a cropper, and all told the best commercial variety I ever saw or grew." Per doz., \$2.00; per 100, \$10.00; per 1000, \$75.00.

(Ready in February.)

Chicago or Red Bradt.—This is a sport from Mrs. G. M. Bradt and is identical with the parent except in color, which is a deep scarlet. Will be extensively planted this year by most of the large growers. From soil, per doz., \$1.50; per 100, \$7.50; per 1000, \$60.00. (Ready now.)

Olympia. (John N. May.)—Color, glossy snow-white, very delicately penciled scarlet. Much less red in it than in Mrs. Bradt. Flowers extra large, smooth edges, stems, 2 to $2\frac{1}{2}$ feet. Mr. May says that it produces 28 per cent. more flowers than Mrs. Bradt.

Per doz., \$2.00; per 100, \$12.00; per 1000, \$100.00.

Genevieve Lord. (Weber.)—The Peer of any light Pink Carnation ever offered to the trade. Color, clear pink, a little darker than Albertine. Blooms 3 to $3\frac{1}{2}$ inches in diameter; very fragrant; calyx good, never bursts; long stem which holds the flower erect. In habit of growth it is almost perfection. Sturdy, vigorous and free. Never rusts.

Per doz., \$2.00; per 100, \$10.00; per 1000, \$75.00.

ESTELLE.

VARIETIES OF 1899.

The stock we send you, is transplanted into soil and far superior to sand cuttings partly rooted or over-grown in sand. Our stock is clean and healthy, if not satisfactory, you have the privilege to return it at our expense.

Price unless otherwise noted: Per 100, \$6.00; per 1000, \$50.00.

G. H. CRANE.—Considered by most growers to be the best scarlet sent out last year, an early, continuous bloomer. Color, bright scarlet.

MELBA.—Color, bright pink, a shade deeper than Daybreak. Free flowering and good stem, flower rather under size.

AMERICA.—Another good scarlet, shade lighter than Crane, excellent habit and blooming qualities. Large flowers, stiff stems.

MAUD ADAMS.—Color, deep clear cerise pink. Flowers rather small. Per 100, \$5.00

GENERAL GOMEZ.—Deep maroon, flowers 2 to $2\frac{1}{2}$ inches in diameter, a good dark variety. Per 100, \$5.00.

GENERAL MACEO.—Flowers are full and nicely fringed, long wiry stems. Color, dark scarlet with maroon shadings, very fine color and free blooming. Per 100, \$5.00.

GLACIER.—A fine variety for side benches. Flowers are of good size and pure white, very free, flowering early and giving a fine crop for Xmas.

Mrs. G. M. Bradt.—This is not a new Carnation but still the finest variegated sort we have. It is the largest and most prolific of all fancy Carnations. Color, white, heavily edged and striped scarlet. We have a fine stock. Per doz., 75c.; per 100, \$5.00; per 1000, \$40.00.

The Marquis Carnation.

CHRYSANTHEMUMS...Novelties for Spring of 1900. Ready March 1st.

YELLOW FITZWYGRAM.—The earliest yellow Chrysanthemum. Ready to cut September 25th to October 10th. Every grower has long wanted a yellow and pink to sell with his early whites; here is your yellow. It is dwarf, and stiff stemmed, 2½ feet; requires no staking. Precedes all other yellows by two to three weeks. The color is rich, and this variety has developed a stronger habit and freer foliage than its parent, the white Lady Fitzwygram. It bears close planting, but must be started early so that the bud can be taken about July 25th, not later. We have an enormous stock of it, and are prepared to furnish young plants by February 1st or sooner, at a price within the reach of every one.

Doz., \$1.00; 100, \$7.00; 1,000, \$60.00.

GOLDMINE.—(Nathan Smith & Son.)—Unsurpassed in size, having been grown 11 inches in diameter. Foliage and general habit resembles Sunderbruch. Rich golden yellow. Outer petals reflexed, and center incurving in a whorl. In perfection November 20th to 30th. Best flowers were from buds taken October 10th. We predict it will depose Modesto and Golden Wedding, being more dwarf, surpassing both in size, a rival in color, and having better stem than the former. Certificated by the C. S. A. at Chicago in 1898, scoring 93 points and averaging 93 points before four committees in 1899. Each, 50c.; doz., \$5.00; 100, \$35.00.

INTENSITY.—(Nathan Smith & Son.)—Form reflexed, showing only the bright crimson upper surface of petals. Stem slender, but sufficiently wiry to carry the flower erect. Four and one-half feet high. Buds taken October 1st give best results. Those desiring succession of flowers can readily conceive the value of a bright crimson in perfection November 20th to 30th, a date when other good reds are scarce. Certificated by the C. S. A. Each, 50c.; doz., \$5.00; 100, \$35.00.

WALTER MOLATSCH.—(H. A. Molatsch.)—Its period of blooming is October 8th, and the variety is most easily described as an early Wm. H. Lincoln. It is of good size, full center, an excellent keeper, and will stand an unusual amount of rough treatment, the petals not scalding easily, having a firm hold and being so tough that they are not easily bruised. In habit the plant is dwarf, growing about 3 feet high, the stem is thick and stiff and the foliage all that can be desired. N. C. S. Certificate, Each, 50c.; doz., \$4.00; 100, \$25.

SUPERBA.—(Mme. F. Perrin and Maud Dean.)—The latest Jap. Inc. pink that has come to our notice, being in perfection December 10th to 20th. A very double flower 5½ to 6 inches in diameter with high, rounded center. Color bright pink, intermediate between that of its parents. This we believe to be one of the best commercial varieties we have produced. Buds that were taken November 1st, will not be developed for Christmas. Height 4 feet. Take only terminal bud. Certificated by the C. S. A. in 1898 and passing all of the Committees in 1899. Each, 50c.; doz., \$4.50.

WHITE BONNAFFON.—(Mrs. H. Robinson and Mrs. H. McK. Twombly.)—A commercial variety of great promise which we predict will become as popular as the typical Maj. Bonnaffon. Color pure white, form identical with Bonnaffon, growth very short-jointed, not exceeding 3 feet in height. Foliage large and very dark green. Its lateness (November 20th to 30th) greatly enhances its value. Take terminal bud about October 10th. Certificated by four Committees of the C. S. A. Each, 50c.; doz., \$5.00; 100, \$35.00.

SPECIAL OFFER.—One each of above six new Chrysanthemums for \$2.50.

New Pompon Chrysanthemums.

Pompons and small flowering Chrysanthemums are coming in demand, as they make beautiful pot plants. Our display of these at Chicago Chrysanthemum Show attracted great interest with the public.

Each, 20c.; doz., \$2.00, except when otherwise quoted.

ANGELIQUE.—Pure white high-built flower, very compact and neat.
ZENOBIA.—Extra bright clear yellow of brilliant shade; a bold, handsome flower. Each, 25c.; doz., \$2.50.

ATLAS.—Bronze shaded lemon, very large and extra deep flower; distinct.

ATTILA.—Deep orange maroon; very compact form; medium size.

MAGNIFICUS.—Very beautiful, pure white, large size and extra good form.

MONSIEUR JARRY DESLOGES.

VAUGHAN'S NOVELTY.....CANNAS For 1900

Last year probably doubled the former year's sales of these grand bedding plants. There has been a steady growth in the popular demand since we showed Crozy's twenty novelties (costing us \$2,000.00) at the World's Fair. For our trade orders on Cannas we cultivate in and out of doors at Western Springs a thorough up-to-date assortment. We offer this year seven new Crozy Cannas of special merit and four choice seedlings of our own raising. We are discarding or throwing into the mixed lots all the named varieties that do not possess high grade flowers or very desirable foliage. Write us for rare or scarce kinds.

Prices quoted are for strong growing plants, from three inch pots, ready March 1st.

MONSIEUR JARRY DESLOGES. (Crozy.) Height, 4 feet. Green foliage. This is indeed an extraordinary variety. The flower spikes are numerous and extra large; the petals are long and rounding, measuring 1½ to 2 inches across and of a thick, leathery substance. Color a dazzling scarlet-orange. The plant is a robust, strong grower, throwing up numerous flower stalks which are carried well above the foliage. Each, \$1.50; 2 for \$2.50.

SOUVENIR DE MAD. NARDY. (Crozy.) Height, 5 feet. Dark green foliage. Strong, robust grower, throwing up numerous flower stalks. The flower spikes are extra large and long, not too compact and carried well above the foliage, every flower showing distinctly. The flowers are wide and long, size of Florence Vaughan. Color is a dark yellow, covered over with blotches of bright crimson, making a most beautiful and striking show. Each, \$1.50; 2 for \$2.50.

PETITE MOCOTE. (Crozy.) Height, 2½ to 3 feet. Green foliage. Strong, bushy grower. Spikes enormous; very grand flowers. Color, rose, marbled darker, turning into clear carmine; bordered yellow, passing into white. Very beautiful. Each, \$1.00.

JEANNE SCHMIDT. (Crozy.) Height, 2½ to 3 feet. Green foliage. Plant of finest merit. Large, beautiful spikes; grand, wide flowers. Petals, beautiful, clear rose, strongly streaked with dark rose; border, canary yellow. Each, \$1.00.

FLORIBUNDA. (Crozy.) Height, 3 feet. Green foliage. Strong grown, throwing up numerous compact flower spikes, with large, rounding petals. Color, canary yellow, spotted with faint crimson spots. An improved Eldorado. Each, 1.00.

L. PATRY. (Crozy.) 4½ feet. Green foliage. Plant vigorous. Grand and beautiful rounded flowers. Color, salmon shaded rose, edged chestnut. Large, loosely formed, flower spikes. Sheds its flowers as they fade. Very free. A grand sort. Each, \$1.25.

FRANCOIS GUILLERMET. (Crozy.) 3½ to 4 feet. Green foliage. Strong grower and very free-flowering. Spikes enormous and compact, carried well above the foliage; petals large and rounding. Color bright purplish garnet. Very fine. Each, \$1.00.

SPECIAL OFFER. One strong plant each of Crozy's seven new Cannas, described above, for \$7.00.

VAUGHAN'S NEW SEEDLING CANNAS...Originated and Thoroughly Tested at Western Springs.

DAVID HARUM. (Our Seedling of 1898.) 4 feet. Dark bronze foliage. Strong, robust grower, carrying its flower stalks well above the foliage, and one of the freest blooming Cannas we have ever seen. We have counted on one plant seven flower stalks, containing twenty-seven flower spikes in flower, at one time. Flowers are of large size, with well-rounded petals; good substance and not too compact. Color is a bright vermillion-scarlet, dotted with crimson spots. Stock limited. Each, \$1.00; 3 for \$2.50; per doz., \$9.00.

VICTORY (or Century.) (Our 1897 Seedling No. 404.) Height, 5 feet. Extra strong, robust grower, throwing up immense flower stalks, each stalk having from seven to nine flower spikes. The flowers are of the largest size, petals measuring 1½ inches, and suggest a possible crossing of the Italian with the Crozy sorts. In color a bright orange scarlet, with fine crimson veins running lengthwise of the petal, and bordered with an irregular band of yellow. The small lower petal and the throat are mottled golden yellow. The foliage must not be overlooked in this great Canna; its extra large, thick, rubber-like leaves are as large as a banana leaf. For effective display, both of flower and foliage, we know of no Canna to equal it. Stock limited. Each, 60c.; per doz., \$6.00.

ORCHID - FLOWERED CANNAS.

Prices are for strong plants, from 3-inch pots.

ALEMANNIA. The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. The plant grows about 5 to 6 feet high. Numerous musa-like, glaucous leaves. The outer petals are scarlet-orange, with a very broad, gold-yellow border. This we consider one of the best of this type. Per doz., \$1.50; per 100, \$10.00.

AMERICA. Dark bronze leaves. Height, 4½ feet. Flowers enormous, of a very beautiful glowing red, flamed and striped. Per doz., \$1.00; per 100, \$8.00.

AUSTRIA. Much resembles the Burbank, but far inferior to it in substance of flowers. Per 100, \$4.00.

BURBANK. The flowers are truly gigantic in size, the three upper petals spreading fully 7 inches, and the form is really semi-double; toward the inner part the petals show fine crimson spots; all the rest of the flower is of a most beautiful, rich canary. The plant is a very strong grower, 5 to 6 feet high, with leaves with a texture like rubber. Per doz., 75c.; per 100, \$5.00.

PARTENOPE.—Height 5 to 6 feet. Green foliage. Flowers of extra large size and fair substance. Color bright reddish salmon. Very showy and distinct. Early and more free flowering than most of its class. Per doz., \$1.00; per 100, \$8.00.

ITALIA. Bright orange-scarlet, with a very broad golden border. Per doz., 75c.; per 100, \$5.00.

Write for prices on dormant roots up to April 1st.

TWO CHOICE AMERICAN SEEDLINGS.

(Crozy Type.)

MARTHA WASHINGTON. The flowers are very large and frequently have five broad petals. The trusses are immense and the color pure bright rose. Beautiful and attractive. A vigorous grower. Height, 3 feet. Per doz., \$1.50; per 100, \$10.00.

BLACK BEAUTY. Height, 4 to 5 feet. This is the best of all the dark leaved Cannas. The flowers are small, but its foliage is superb, being a deep, bronzy red, almost black. Flowers of little value. Per doz., \$2.00; per 100, \$15.00.

RED INDIAN. (Our 1897 Seedling No. 418.) Bronze leaf, strong, robust grower, sending up numerous flower stalks well above the foliage. Each stalk carries from five to six flowering spikes. Color, deep scarlet; petals large and rounding. The bronze foliage and scarlet flowers make a grand contrasting effect. Each, 35c.; 3 for \$1.00.

MANDARIN. (Our 1897 Seedling No. 502.) Height, 6 feet. Large, beautiful bronze leaves of same character as Discolor. It carries the flower stalks well above the foliage, and with its large and well shaped flowers makes a grand sight. The flower is of a pure orange color, as shown by the American Florist color chart. Each, 25c.; doz., \$3.00.

SPECIAL OFFER. One each of above four new Seedling Cannas for \$2.00.

NOVELTY CANNAS

CRIMSON AND SCARLET SHADES.

Alphonse Bouvier. 6 feet; green foliage; color bright crimson; large flowers. Per doz., 75c.; per 100, \$6.00.

Beaute Poitevine. 3½ feet; green foliage; flowers bright, rich crimson, and with erect flower spikes. One of the finest bedding cannas. Per doz., \$1.00; per 100, \$8.00.

Chas. Henderson. 4 feet; green foliage; flowers crimson. Per 100, \$5.00.

Chicago (Medal). Height 5 feet. This is the best vermilion scarlet to date. Green foliage. The large flowers open out nearly flat; petals 1½ inches wide and five in number. The color is a clear, deep vermilion, smooth and without markings, except a purplish gloss. Per doz., \$1.00; per 100, \$8.00.

J. Wilkinson Elliott. 4½ feet. Green foliage; flower spike large and open, petal long and broad; color light vermilion, covered lengthwise with fine distinct crimson veins. Per 100, \$6.00.

Menelek. Height 4 feet. Green foliage; strong grower. Its flowers are of large size, with broad petals of good substance, and produced in immense trusses. Color rich nasturtium red. Per doz., \$1.25; per 100, \$10.00.

Philadelphia. Flowers gigantic in size, 5 to 6 inches across; deep, rich ruby red; by far the finest of all red cannas. Per doz., \$1.00; per 100, \$8.00.

President Cleveland. Height 3½ feet. One of the finest cannas. Green foliage; free flowering. The very large flowers form well-shaped, compact trusses of bright orange scarlet. Per doz., \$1.00; per 100, \$8.00.

President McKinley. Height 3 feet. Green foliage. Medium size flowers of good substance. Color a fiery, deep crimson. A profuse bloomer. Per doz., \$1.00; per 100, \$8.00.

Robert Christie. 5 to 5½ feet. Green foliage. Large flowers of a bright vermilion; resembles Chicago. Per 100, \$6.00.

Triumph. 3½ to 4 feet. Flamingo type, but more vigorous; larger flower and truss; rich, bright red; broad, thick petals; very durable; a constant bloomer. Per doz., 75c.; per 100, \$6.00.

GILT EDGE VARIETIES.

"Cuba Libre." An improved Madam Crozy. Large flower, deep blood red, and fully equal to Madam Crozy in flowers, foliage and habit of growth. Per doz., \$1.00; per 100, \$7.00.

Incendie. 3 feet. Green foliage. Very prolific bloomer, throwing up numerous flower heads well above the foliage. Flowers of medium size, salmon pink, bordered with an irregular band of yellow. Under side of petals solid golden yellow. Per doz., \$1.50; per 100, \$12.00.

Little Billee (or "Premier"). A very dwarf variety, intermediate in color between Queen Charlotte and Souv. d'Antoine Crozy. Grows about 3 feet high. Fine as a pot plant and equally good for bedding. Per doz., \$1.00; per 100, \$7.00.

Mme. Leon LeClerc. 5 feet. Green foliage. Bright orange scarlet, with a narrow yellow margin on each petal. Per doz., \$1.00; per 100, \$8.00.

Madam Crozy. 4 feet. The all 'round general purpose canna. Dormant roots. Per 100, \$5.00.

Queen Charlotte. 3½ feet. The famous German seedling. Rich crimson scarlet, with wide gold border on every petal. Broad green leaves. It is a profuse bloomer. Per 100, \$6.00.

Souv. d'Antoine Crozy. 3 feet. Green foliage. A most distinct flower; rich crimson scarlet, with wide gold border on every petal. Per doz., \$1.00; per 100, \$8.00.

Sam. Trelease. 3 feet. Green foliage. Originated with Mr. James Gurney, superintendent of Tower Grove Park and head gardener of the Missouri Botanical Gardens. The greatest merit of this variety is that the petals open flat, which are of good substance; make a large, nearly perfect circular flower, different from all other sorts. In color it is almost a pure scarlet; very rich and glowing. The edges and center are marked with yellow about the same as in Madam Crozy. Per doz., \$1.50; per 100, \$10.00.

BRONZE-LEAVED VARIETIES.

Bronze Beauty. 3½ to 4 feet. Bronze foliage; flowers open and well above the foliage; petals large and curving. Color same as J. C. Vaughan, but has a changeable appearance in different lights. Per 100, \$8.00.

Bassett's Red. 5 feet. A grand bronze-leaved variety of the old Indian canna, with intense bright bronzy red foliage; valuable either for massing by itself or for planting in connection with the dwarf French varieties. Per doz., 75c.; per 100, \$6.00.

Discolor. 10 feet. Bronzy red, mammoth leaves, small flowers. Per 100, \$5.00.

Egandale (Medal awarded). 4 feet. Bronze foliage; strong, compact flower spikes; color currant red. The finest bedding canna of its color. Per 100, \$6.00.

F. Neuvesel. This is a splendid sort, of a soft, pleasing shade of carmine; of good size and excellent habit. The foliage is bronze, with dark green markings. It is of strong, robust habit, growing 4½ feet high. Very effective. Per doz., 75c.; per 100, \$6.00.

Inglewood. Height 5 feet. Foliage rich plum purple; extra strong grower. Flowers of the largest size; clear, deep vermilion. Per doz., 75c.; per 100, \$6.00.

J. D. Cabos. 4½ feet. Bronze foliage; flowers large and round; color exceedingly distinct rich apricot. Per 100, \$5.00.

Leonard Vaughan. Height 5 feet. THE BEST LARGE-FLOWERED DARK BRONZE-LEAVED VARIETY TO DATE. Color bright scarlet; petals measuring 1½ inches. Per doz., \$1.00; per 100, \$7.00.

Semaphore. Height 5 to 6 feet. Dark bronze foliage. Flowers are a pure orange shade, which, combined with the rich foliage, is very striking. Per doz., \$1.00; per 100, \$8.00.

PINK AND SALMON SHADES.

Francois Gos. Height 3½ feet. Green foliage; early and prolific bloomer; well rounded flowers. Color pure orange, without markings. We consider this the best in this color. Per doz., \$1.00; per 100, \$8.00.

Mlle. Berat. 5 feet. Green foliage. The best bedder we have. It is a very soft shade of rosy carmine. The petals are long and hang gracefully upon the flower stalk. A bed of this variety is simply superb, making a fine show of good flower trusses all of the time. Per doz., \$1.25; per 100, \$8.00.

Paul Marquant. 4½ feet. Green foliage. Strong flower-spikes; extra large flower of a deep salmon color, smoothly shaded orange. Per 100, \$5.00.

Secreteire Chabanne. 3½ to 4 feet. Green foliage. Extra strong grower and free flowering. The flowers stand out from the spikes separately in such a manner as to attract attention. Its color is a beautiful orange, with deeper shadings; flowers large and round. Per doz., \$1.00; per 100, \$8.00.

Stella Kanst. 5 feet. Flowers medium size, of rich apricot; foliage green. Per 100, \$5.00.

"The Burlington." (Our seedling of 1896.) 3½ feet. Green foliage. Flowers large and rounding, of a clear orange-scarlet, with a bronze lustre; strong grower, with clean, handsome flower-spikes showing well above the foliage. Per doz., \$1.00; per 100, \$8.00.

YELLOW SHADES.

Comte de Bouchard. 4 feet. Green foliage. Resembles Florence Vaughan. Per 100, \$8.00.

Dwarf Florence Vaughan (Comtesse de Sartoux Thorene). The best of last year's introductions. It is of uniform, dwarf habit, never exceeding 2½ feet in height. Color rich golden yellow, thickly dotted with bright red. It supplements that grand standard kind by repeating it in a dwarf growth. Per doz., \$1.25; per 100, \$10.00.

Eldorado. Foliage green. Flowers large yellow, finely speckled with lightest red. The bed is always a mass of the brightest golden yellow. Per 100, \$7.00.

Florence Vaughan (Medal). The highest type of canna flower, the petals being remarkably wide, rounded on the ends, of good substance and flower very large. Though thickly dotted with bright red, its general effect in the flower beds is a rich orange yellow. The foliage is green; splendid broad leaves. 4 feet. It is a decided ever-bloomer. Per 100, \$6.00.

Vice Pres. David. Height 4 feet. Green foliage; robust grower. Extra large, well rounding flowers. Color bright yellow, heavily splashed with carmine. Per doz., \$1.25; per 100, \$10.00.

Yellow Crozy. Height 4 feet. Green foliage. Color a clear, pure canary yellow with no red markings except a few faint red spots on the smallest lower petal. Per doz., \$1.00; per 100, \$8.00.

Dormant 2-Year-Old Roses, Hybrid Perpetuals and Others.

This stock is first-class and of the RIGHT KINDS: well branched with good fibrous roots. Our cold storage cellar, 28x150 feet, built especially for this class of stock, contains 25,000 of these Hybrid Perpetual Roses. PERSONAL INSPECTION INVITED.

Baltimore Belle, Seven Sisters, Prairie Queen. Extra heavy stock. Per doz., \$1.50; per 100, \$10.00.

THE CRIMSON RAMBLER.

This rose sold in 6 and 7 inch pots in Eastern cities the past season at \$5.00 and \$7.00 each.

As a pot plant for retail sales this rose is incomparable. Its hundreds of blossoms all open together and seem to improve for at least two and even three weeks. The bright crimson color holds without fading and contrasts finely with the glossy foliage. It forces easily. We have fine dormant stock.

OUR GENERAL COLLECTION OF GERANIUMS.

For Novelty
Geraniums
See Page 7.

CHOICE AND RARE SORTS.

We have increased the past year our general stock of all Geraniums and are prepared to supply the steady increasing demand for these, which are sure to be as popular again as formerly. The stock of good Geraniums this spring will be scarce. On account of the drouth last summer, plants made very little growth. Customers will do well to get their orders in early. You will find in our general collection nothing but the very best, having discarded many superseded kinds. Strong and healthy 2-inch stock. Price, except where noted, per 100, \$5.00; per 1,000, \$40.00.

Alphonse Ricard. Large semi-double flowers of a brilliant shade of orange-red. Dwarf grower and fine bedder.

Athlete. Immense trusses of large, round, single flowers of vivid scarlet.

Bear to Poitevine. The ideal pink bedder. Bruant type semi-double flowers.

Camille Bernardin. Single; very large trusses; free-flowering habit; rosy peach-pink, marbled with white.

Col. Barre. Semi-double, dwarf and very free. The lower petals are rosy pink, upper petals darker and marked scarlet at the base. Trusses are of largest size. Each, 15c.; per 100, \$10.00.

Crabbe. Single; charming shade of cherry-red; very large round flowers. Is not a good bedder, but makes an elegant pot plant. Each, 10c.; per doz., \$1.00.

Double New Life. The flowers are double, brilliant red, and in the center of each appears another semi-double white floret.

Francis Perkins. The grandest bright pink bedding variety to date. A fine grower and stands the sun perfectly. Very free in blooming.

Fleur Poitevine. Large single flowers. Color a brilliant rosy carmine, marbled and striped white. Very fine for pot sales.

Grand Duchess Olga. Large semi-double flowers, each flower blotched white, red and lilac. Very fine.

Gloire de France. Large, double, round flowerets; color salmon-pink, white center. A fancy pot variety; heavy zone on foliage.

J. J. Harrison. Semi-double Bruant. Brilliant scarlet; extra large flowerets. A vigorous dwarf grower and best of bedders.

Mary Hill. Double. Clear pink; extra fine grower and summer bedding variety. One of the best.

Mme. de La Roux. Single Bruant. A clear, bright salmon. One of the finest of bloomers.

Mrs. Beecher Stowe. Single flowers; grand trusses; flowerets large; center white, covered with veins of orange-carmine. Elegant pot variety.

Mars. A superb bedding and pot geranium. It is of dwarf and compact habit and extraordinarily floriferous. The flowers are a clear light salmon, darker at the center, and produced close to the foliage.

Mad. Rozain. Double white; good grower and fine bedder, blooming all summer.

Mrs. E. G. Hill. Single pink, bordered with rosy salmon. One of the best for summer blooming.

Mad. Hoste. Single. Soft rosy scarlet, with large white eye. Very fine and striking.

Mad. Jaulin. Entirely distinct color, in Bruant type. Semi-double; center of flower very delicate pink, bordered white. A grand bedder.

Poinsettia.

A limited number of old stock plants @ \$2.00 per doz. From June until September we offer fine young plants in 2 $\frac{1}{2}$ -inch pots, made from cuttings, @ \$5.00 per 100. Get your order in early for this popular Xmas plant.

GENERAL LIST OF PLANTS.

Unless otherwise mentioned, plants in this list are from 2½-inch pots. Not less than 12 of a variety at these prices.

ABUTILON SAVITSI.

BEGONIA ERFORDIA. One of the most prolific bloomers; continually covered with clusters of its delicate, rosy-salmon flowers. An excellent variety for pots. Florists having a retail trade will find this a rattling good Begonia. Plants begin to bloom when in 2-inch pots and continue so through the season. It also does well for out-door bedding, growing and blooming in our hot sun equal to the best Geraniums. Per doz., 50c.; per 100, \$3.00.

BEGONIA VERNON. A grand plant for bedding out; will stand the sun like a Geranium. Foliage rich, glossy green with red edge; flowers varying from deep red to clear rose. Blooms while quite small and makes an elegant pot plant for market sales. Strong plants, 2½-inch pots. Per doz., 50c.; per 100, \$4.00.

BEGONIAS—Flowering Varieties. A choice assortment of twenty varieties. 2½-inch pots, per doz., 50c.; per 100, \$4.00. 3-inch pots, per doz., \$1.00; per 100, \$8.00.

BEGONIA REX. Florists' sorts. Per doz., \$1.00; per 100, \$6.00.

ABUTILON SAVITSI. A novelty of sterling merit. A great improvement on *Souv. de Bonn.* The variegation is much whiter. More than half of the leaf, and in some cases a great many leaves being almost pure white. It is a very compact grower and makes an elegant pot plant. Will sell on sight to retail buyers. Stands the sun. Per doz., 75c.; per 100, \$6.00.

ABUTILON, Souv. de Bonn, Eclipse, Blue Bells, Golden Bell. Per 100, \$4.00.

BEGONIA ERFORDIA.

Our Dewey Set of Six Grand Bedding Coleus.

Tried and tested by us for past two summers and proved a great improvement over existing sorts. We have put the price reasonable, so as to be within reach of every florist.

Price per doz., 60c.; per 100, \$3.50; per 1,000, \$30.00; 25 at 100 rate.

The set of 6 for 25c.; 2 sets for 45c.; 4 for 85c.

DEWEY. A better bedder, a brighter color than *Verschaffeltii*. Color bright crimson, edged maroon.

CUBA LIBRE. A bright crimson, shading to maroon, with finely scalloped edges of pea green.

SAMPSON. Short, pointed leaves; center rosy carmine, edges mottled green and brown. Very striking. Retains its color all summer.

HOBBSON. Dwarf and bushy grower. A new color, rosy pink shading to crimson, with margin of pea green.

MILTONIANA. The grandest of all black leaved sorts. A rich, deep, velvety, almost black leaf, holding same color all summer and never turns brown.

JOHN ROGERS. The only Coleus we have found to hold its color all summer; of old gold and pea green. Ruffled edges.

Our general collection of Coleus are all of the best old and tried varieties. We have a large stock and are prepared to take care of all orders for such as *Verschaffeltii*, *Golden Bedder*, *Beckwith Gem*, *Herman Sudermann*, *Pres. Druez*, *Klondike*, *Queen Victoria*, *South Park*, *Queen of Summer*, *Lovely Sunset*, *Firebrand*, *Hiawatha*, *John Good*, *Etc.*

Price per 100, \$2.50; per 1,000, \$20.00.

New Pelargoniums.

We offer fine plants of Fall stock cuttings, strong plants from 3-inch pots.

COUNTLESS. (New.) Bright cerise, with dark blotches on upper petals, and white throat.

MRS. ROBT. SANDIFORD. Grand variety. Flowers large size, well doubled, of glistening snow white color.

MADAM THIBAUT. White, richly blotched and marbled with rose.

Per doz., \$1.00; per 100, \$8.00.

Agathea Cœlestis or Blue Daisy.

The flowers are sky blue with yellow disc. Dwarf grower, forming fine bushy pot plants 12 to 18 inches high. Always covered with its blue blossoms. Blooms from November to June. Per doz., 50c.; per 100, \$4.00.

Florists' Flower Seeds.

The Stocks here offered are in all the important kinds special strains selected and kept true for florists use. In every class of interest for Florists, such as Asters, Pansies, Primulas, Cyclamen, Cinerarias, etc. We not only carry a complete assortment, but also the most expensive strains that the most careful growers and hybridizers can produce. We use in all our choicest mixture of the florists seeds some varieties which actually cost us more than the selling price but which bring up the Mixture to a high standard.

Of New Crop and Tested Germination.—We prove the growth of our active selling stocks twice a year and none are sent out which do not show the right percentage of growth.

By Our Contract Arrangements, supplying our stock seed, we are in position to offer Flower Seeds at very best trade rates, but of quality much superior to average importation.

PLEASE NOTE.—Trade packets contain considerable more seed than ordinary or retail packets, being based on Florist's needs for ordinary purposes. Florist's invariably get Trade Packets unless otherwise specified.

FLOWER SEEDS FOR SOWING IN SUMMER.—Cinerarias, Primulas, etc. We issue a special circular in May. Should you fail to receive one, please write for it, as we shall have some very desirable Novelties to offer.

Vaughan's New Upright White Branching Aster.

In habit of growth this new Aster resembles the Truffaut Peony-flowered type, but the plants grow from 10 to 12 inches taller. The flowers are large, very double, pure white, and of the true "Simple" type. The plants grow about 30 inches high, and produce from twenty to twenty-five flowers, which are borne on stems from 20 to 25 inches long. Its upright habit admits of close planting, and it will attain full growth when set only 10 to 16 inches apart. The growing of many plants in a small space is a decided advantage when raised under glass. Per oz., \$1.00; $\frac{1}{4}$ oz., 60c.; $\frac{1}{4}$ oz., 35c.

NEW LARGE-FLOWERING BROWALLIA.

Browallia Speciosa Major.

This new sort is without a doubt the most beautiful of all the Browallias. The plants grow only about a foot high, form dense little bushes, which are covered with an abundance of the most delightful sky-blue flowers, much larger than those of the other varieties. For beds, borders or pots there is hardly another plant with blue flowers that compares with it.

New Giant Imperial Centaurea.

Centaurea Imperialis.

This new Centaurea, a cross between *C. Moschata* and *Margaret*, represents the best that has been produced in these beautiful Summer-blooming plants. The bushes are about 4 feet high, of enormous dimensions and are covered with large, beautiful flowers of the same form and fragrance of *Centaurea Margaret*. The flowers will keep for over a week in water, if cut just when they are about to open. It is of easiest culture, which cannot be said of *C. Margaret*. The color variation is very great, almost infinite. When well known there will be no garden without this beautiful new flower. Pkt., 15c.; oz., \$1.00.

FORGET-ME-NOT, EARLY AND LATE FLOWERING.

Vaughan's Early and Late Flowering Forget-Me-Not.

This sort will bloom in six to eight weeks after sowing, and will bring forth its flowers throughout the whole summer and fall and continue through the winter if taken up and potted. The flowers are borne on long, stiff stems, are of most exquisite sky-blue with a delicate white center, and they furnish the best cut-flowers. They are satisfied with moisture and a somewhat shaded position. Trade packet, 15c.; ¼ oz., 50c.

NEW MAMMOTH FLOWERING.....**Allegheny Hollyhocks.****Bloom the First Year from Seed. * * *****A New Type of Hollyhocks.**

The flowers of this new variety are so different from the Chater's that but for the similar habit of the plant it would not be taken for a Hollyhock. They are from four to six inches in diameter, running from semi-double to double, and are finely fringed and curled. The colors are shell pink, rose and ruby red, a shade or two deeper at the center, and exquisitely tinted toward the edge. The flowers do not, as on the double Hollyhocks, rot on the stems, but drop as soon as they fade. Every bud to the top of the plant is developed into flowers, making the flowering season considerably longer. Trade pkt., 15c.; $\frac{1}{4}$ oz., 40c.; oz., \$1.25.

It is much harder than *Musa Ensete*, and for that reason preferable for planting out-doors, being less affected by the wind. 25 seeds, 60c.; 100 seeds, \$2.00.

Myosotis Sylvatica. Pale blue. 1/2 oz., 20c.; pkt., 10c. See also Forget-Me-Not.

Nasturtium.

SPECIAL OFFER—Any four (10c.) ounces of the following Nasturtiums for 25c.

New Nasturtium "Chameleon."

This new Nasturtium is a most remarkable advance in this brilliant family. We find that in richness and variety of colors it surpasses any other strain and is also unique in bearing flowers of *quite distinct coloring on one and the same plant*—some clear, deep crimson, others blotched on light ground, and others beautifully mottled. This characteristic, as well as the wonderful richness of the unusual markings, has been fixed in both the tall and dwarf forms, and we recommend both strains heartily to every grower.

Tall Chameleon.—This variety, with its very large, rich flowers in the the greatest variety, is unsurpassed for training over fences and trellises, and blooms with the greatest freedom the entire season. Trade pkt., 10c.; oz., 20c.; 2 ozs., 30c.; 1/2 lb., 55c.

"Vaughan's Best" Mixture of Large Flowering Petunias.

This mixture is made up by ourselves and includes all the above sorts and colors of the Large flowering and Fringed sorts and the unsurpassed Superbissima varieties with their delicately veined throats in various colors, and their truly mammoth flowers. We are positive that no other Petunia Mixture can produce flowers with as wide a range of colors as our Vaughan's Best. Trade Packet, (1000 seeds,) 50c.; 3 packets for \$1.25.

VAUGHAN'S DOUBLE PETUNIAS.

This is a mixture of the best large flowering and fringed double Petunias. Our seed is saved from plants grown in pots, carefully hand-fertilized, and will produce grand flowers. Of course everyone knows that only a certain percentage of double flowers may be expected from seed; but our mixture will produce from 20 to 30 per cent. of doubles; remainder will be choice, large, single flowers. Pkt., (600 seeds,) \$1.00. Double pure white, (250 seeds,) 50c.

Dwarf Double Lilliput, produces bushy plants, with small double flowers, which are partly spotted, blotched and self-colored; a very pretty plant. Pkt., (500 seeds,) 50c.

Extra Large Flowering Double Fringed.—This extra choice strain produces about 30 per cent. of splendid double fringed flowers. Packet, (500 seeds,) 75c.

Collection of double Fringed Petunias, 6 varieties, 60c.

" " 12 " \$1.00.

New Giant Double Petunias.

In this strain we offer the best in existence in Double Petunias. The flowers vary from 5 to 6 inches in diameter and embrace all the choice colors hitherto known among Petunias. About 30 per cent. of the plants will produce these gigantic double flowers. Packet, (50 seeds,) 40c.

New Double White Petunia. *Petunia hybr. fl. pl. Azaleaflora Alba.*

Originated from that beautiful single white Petunia Snowball, this new kind represents an entirely new class of Petunias. The plants grow very uniform, about 10 inches high, are well-branched and of strong, compact habit. The flowers are of medium size, double and lovely snow-white, resembling those of a double Azalea. The seed brings a larger percentage of double flowers than that of other double Petunias. Pkt., 20c.; 3 for 50c.

New Salvia Splendens, "Drooping Spikes,"

This new, large-flowering Salvia (Scarlet Sage) has three times the flowering capacity on each spike of the ordinary Salvia Splendens. The flowers are produced in great numbers, causing the spikes to droop by their weight. It is one of the most desirable plants for decorative purposes, if planted either singly, in groups, or with other plants. The flowers are of the most brilliant, dazzling scarlet, produced in endless profusion, and until late in the fall.

Vaughan's International Primula Mixture.

This mixture is composed of the most salable colors of Single Flowering Chinese Primulas, the best whites, pinks and reds, with a sprinkling of other colors, enough to give a large variety of colors, the most important shades predominating. It contains some of the above mentioned Giant sorts, some Fern leaved, some blue; also some with dark leaves and stems.

FORBESI, "Baby Primrose," flowers rosy lilac, free blooming, excellent for pots, the seedlings begin to bloom 3 months after sowing. 500 seeds, 25c.

Forbesi Compacta, new, 250 seeds, 25c.

Primula Obconica Grandiflora Fimbriata.—This is a great improvement on the Obconica. Flowers are borne in the same profusion as on Obconica Grandiflora. The stalks are stiff, the flower heads large and well formed, while the single flowers are arranged like those of the Chinese Primula. Packet, 25c.

Primula Obconica Grandiflora Rosea.—Flowers are as large as those of the Grandiflora but the color is a beautiful clear pink, which is a great improvement over the former, since that mixture contains a number of washed-out colors. It comes almost true from seed. Packet, 25c.

Primula Obconica Grandiflora Alba.—The well-formed, large flowers of this variety are borne in large clusters and are of purest white with a yellow eye. For cut and pot culture this will soon be a great favorite. Comes true from seed. Packet (250 seeds) 25c.; 3 packets for 70c.

LAWN FERTILIZER.

This fertilizer is non-odoriferous, dry, fine and easy to apply. Two or three applications during a season, just before a rain or watering, at the rate of one pound to each 100 square feet of grass keeps it in a flourishing condition and enables it to withstand the scorching sun. This fertilizer can also be used on all garden truck, flower and house plants.

UNLEACHED HARD WOOD ASHES.

This is also a splendid fertilizer for the lawn and garden, containing all of the fertilizing elements except nitrogen. If used on the lawn at the rate of a ton or more per acre as a first application, a subsequent annual dressing of three hundred pounds will insure a thrifty growth of dark color, exempt from ill effects of dry weather and free from weeds. It is also very beneficial to vegetable and field crops, and especially recommended to Cabbage and Onion Growers.

FLORISTS' SHOULD SELL VAUGHAN'S CHICAGO PARKS LAWN SEED.

Prepared for use in the Chicago Parks, named by us and sold at our Chicago Stores for many years with very general satisfaction. It will produce an even, dense growth of permanent sward as early in the season as it is possible to do. This Mixture contains no annual grasses for making quick show to the detriment of a good lawn, but only those of lasting value and hardness, which, when once established need no reseeding for years.

Price per pound, in 1 lb. packages, 15c.;

in ½ pound packages, 16c. per pound; 5 lb. bags, 70c.;

10 lb. bags, \$1.30; 15 lb. bags, \$1.75; 100 lbs., \$11.00.

Florists who have a retail store will find this a very profitable article to handle. We can furnish it put up in neat pasteboard boxes, also in neat white cloth bags of 5 pounds, 10 pounds and 15 pounds each, with directions for sowing.

THE CLARA CEMETERY VASE.—It is one of the most useful,

as well as handsome articles ever placed on the market. Of beautiful solid mounted glass, 12 inches high. It takes the place of all the old tin cans, bottles, and like unsightly receptacles often used in the cemetery where only the attractive and ornamental should be seen. The lower end is sharp-pointed so it can be embedded about six inches in the ground and stand firm. It will hold sufficient water to keep the flowers fresh and sweet, and will accommodate flowers with long as well as short stems. The vase is bell shaped and the top has a diameter of about five inches.

The CLARA VASE, boxed, per doz., \$3.50.

The CLARA VASE, in barrel lots, per bbl., (3 doz.) packing included, \$10.00.

DIBBER.—For transplanting vegetable plants; steel point very desirable. Each, 30c.; postpaid, 40c.

FERTILIZERS.

Trees, vines, plants and grass require food; cannot live on air and water alone. New soil may contain sufficient food for the growth of several crops, but a shortage of one or more food elements soon appears unless what is taken off in crops is replaced by manure and Fertilizer, there is not only a decreased yield, but the plant becomes unhealthy and stunted in growth. Fruit trees and vines to thrive require plenty of well balanced food. If the food is not in the soil of the orchard or field it will have to be put in. The necessary elements of plant food which are likely to be exhausted are Nitrogen, Phosphoric Acid and Potash. Barnyard manure and Commercial Fertilizers both contain these elements. Commercial Fertilizers contain them in more concentrated, available, better balanced form. Barnyard manure is out of balance—does not contain enough of the mineral elements. There are great differences in Fertilizers as there are in every kind of merchandise.

Vaughan's "ROSE GROWER" Bone Meal.—This is a special

brand we have put up for the trade. It is ground fine hence acts quickly. Free from acid, very white in appearance, and a superb article. It is made from bone accumulated in large slaughter houses, and should not be compared with the Bone Meal made from cattle heads and feet gathered on the western prairies. Our "Rose Grower" bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. The finer bone is ground the quicker the mild acid thrown out can be dissolved by the tiny roots of the plants and made use of as food. A finely ground bone can also be more evenly distributed through the soil. ANALYSIS.—Ammonia, 4 1/2 to 5 1/2 per cent. Total phosphoric acid, 22 to 25 per cent. Total bone phosphate, 48 to 54 per cent.

Price, 5 lbs., 25c.; 10 lbs., 40c.; 25 lbs., 60c.; 50 lbs., \$1.00; 100 lbs., \$2.00; 200 lbs., \$3.50; 500 lbs., \$5.00; 1000 lbs., \$15.00; 2000 lbs., \$30.00.

RATTAN—SINGAPORE FIBRE HOT-BED MATS.

This Hot-Bed Mat is mouse and rot proof and almost indestructible. It is made of an air-holding, flexible cane-fibre, firmly put together and weighs about 30 pounds. It is without a doubt the best and most durable and hence economical mat and only little more expensive than a straw mat, the defects of which are only too well known. Size 6 feet 2 inches long by 6 feet wide.

Price, each, \$2.00; 5 for \$9.50.

ELECTRIC NON-KINKABLE RUBBER HOSE.

This hose has come into general use on account of its superior quality. Florists who have been buying cheap rubber hose have found out that it is dear at any price and the "Electric" will pay better in the long run than most rubber hose in the market. It can be supplied in any lengths.

Price, $\frac{3}{4}$ inch, per 100 feet, \$16.00.

NICOMITE.

The fumigating insect powder for killing all kinds of insects on plants in greenhouses and frames. The most easy, safe and effective method of fumigating greenhouses and frames ever invented. 16 oz. tins, \$1.25. Fumigators for same, each, 50c.

NIKOTEEN APHIS PUNK.

For destroying insect life on plants and flowers. Aphis Punk is said to be absolutely free from Ammonia which causes injury to delicate plants when heavy tobacco is used, it is especially recommended for Roses, Carnations, Chrysanthemums, Heliotrope, Smilax and Ferns. Per package of 12 rolls, 60c. Directions with each order.

LONG'S FLORAL PHOTOGRAPHS.

Sixty-eight designs illustrated by highly finished half-tones from original photographs, put up in neat book form. Every florist should have one. Each, \$2.50.

THE COOPER HOSE MENDER.

It is simple, practical and effective. It does not reduce the diameter of the hose. It will not rust or wear out. It can be used as many times as desired. You need no wires, pliers or mechanical skill to adjust them. They make your hose as good as new. Last of all, when once used you will never be without them. Price, each, 10c.; doz., \$1.00.

VAUGHAN'S PERFECTION PRUNING SAW.

Vaughan's "Perfection" Pruning Saw.

Made of best steel, with adjustable blade so any branch can be easily removed and close to the trunk of the tree. Can be used as a hand-saw or fastened to any pole. The best saw on the market. Price, each, \$1.75; 3 for \$5.00.

Adjustable Plant Stand.

This is one of the most useful contrivances a Florist can have, not only for decorating but for permanent conservatory and greenhouse use. The moderate price and durability of this stand is causing them to make their way into all sorts of establishments.

The special merits of this stand may be briefly enumerated as follows: The three feet cause it to stand firmly on a carpet or uneven floor. The upright is of three parts telescoped, being easily adjusted to various heights, fastened by means of thumb screws which are well made. The top flange will hold any ordinary pot upright or by using the four pronged crutch attachment, a pot can be placed on its side at two different angles, a very useful contrivance for temporary decorations.

Where large plants weighing two or three hundred pounds are to be elevated, three stands placed close together carry them safely, although the floor itself may be uneven. Four of them are useful for holding a temporary table or platform. While possessing a number of advantages over any other stand in the market the price is lower.

1 stand, \$1.50; 3 stands, \$4.00; 6 stands, \$7.50; 12 stands, \$14.00.
